

LEIN Fees

October 2004- September 2006

The Criminal Justice Information Systems (CJIS) Policy Council approved the following fee schedule at its meeting of April 22, 2004. The minimum agency fee is \$500 and the maximum agency fee is \$50,000. The fees do not include the cost of hardware, hardware maintenance, tokens or datacommunications.

Agency Fee	\$500
-------------------	--------------

This charge is assessed to every agency that accesses the Law Enforcement Information Network (LEIN).

Station Fee	\$2,000
--------------------	----------------

This charge is assessed for every station that is directly connected to the LEIN. A station is defined as a personal computer that receives unsolicited messages or mainframe, message switch or server that is connected to the LEIN. The Station Fee is in addition to the Agency Fee and other fees.

Law Enforcement Per Capita	\$12
-----------------------------------	-------------

This fee is based on staffing levels as reported annually to MICR. Staffing levels reported to MCOLES will be used for agencies that do not report to MICR. The Per Capita Fee is in addition to the Agency Fee and other fees and will not be changed during the year.

Federal/Private/Non-Criminal Justice Surcharge	\$2,500
---	----------------

This fee is assessed for every LEIN station that is operated by a federal, non-criminal justice or private (PA330) agency. The Surcharge is in addition to all other fees.

LEIN FEE EXAMPLES (excluding communications or hardware):

Court with LEIN access through an interfaced system like JIS	\$500
Prosecutor with non-terminal LEIN access	\$500
Local police agency with ten officers and LEIN access through a county mobile data system and nonterminal access through a central dispatch	\$620
Local police agency with ten officers and LEIN access through a desktop computer that is a terminal using state's browser application	\$2,620
Tribal police agency with ten officers and LEIN access through a desktop computer that is a terminal using the state's browser application.	\$5,120
Dispatch center that has a mobile data system and CAD system interfaced to the LEIN	\$4,500
Sheriff department with 50 officers, a desktop computer that is a terminal using the state's browser and an interface for mobile data computers.	\$5,100
